

Headteacher message

We have completed our first full week of school and it has been an amazing week. Children have welcomed returning to school with some normality particularly being able to mix with children outside of their year group. A big thank you to you all for ensuring that the children returned in school uniform. Not only do our children look smart but it binds us together as a Bond Primary school community.

Attendance

I have already received leave request forms for holidays during term time. A reminder to you all that holidays during term time are very unlikely to be authorised unless there are extenuating circumstances that can be evidenced. Children who miss blocks of teaching will develop gaps in their learning and inevitably fall behind.

Meet the Teacher

You are all invited to Meet The Teacher presentations next week Wednesday via Google Classroom. You will receive a letter about this via class dojo. You will gain important information about the learning for your child's year group throughout the year as well as reminders about our school routines and processes.

Visitors on Site

If you are attending a meeting on site with a member of our team, we would prefer that you wear a mask. If you have COVID 19 symptoms, please do not come on site as this places others at risk. Although many measures have been relaxed, we still want to ensure that we keep our children and staff as safe as possible.

Dates for diary

Wednesday 15th September - Meet the Teacher 4pm

Tuesday 19th October— Individual and sibling photographs

25th October –29th October Half term week

Week com: 22.11.21— Parent review meetings

Class assemblies for this term:

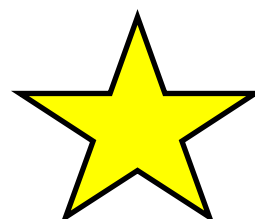

(take place on Wednesday)

| Week commencing | Class |
|-----------------|-----------|
| 27.9.21 | Carnation |
| 1.11.21 | Rose |
| 22.11.21 | Protea |

Tuesday 30th November —Flu vaccinations—nasal spray reception to year 6

Friday 17th December Last day of term

Attendance Stars!

Well done to the following classes for their attendance last week.

Iris 97.9%

Water Lily 100%

Whole school:

96.8%

Our whole school target is 96%

EYES

Some of the Reception children started school this week and have been very busy learning in their new classrooms.

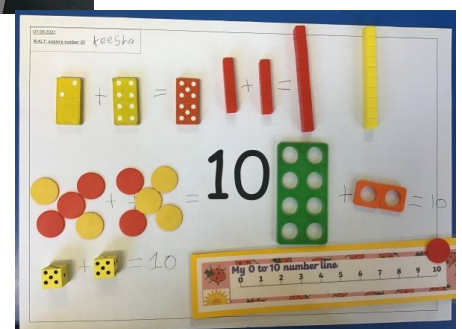

The children have been exploring in the post office and home corner and have really enjoyed role playing together with their new friends. They have also been building some amazing things and having lots of fun in the water area—very much needed in all the hot weather this week!

We are so proud of our children in school and look forward to meeting the new children who will be joining us next week.

Key Stage One

In year 2 we have been exploring numbers! Our magic number was 10, and we enjoyed showing 10 in as many different ways as possible. We were really proud of our work! We have also been learning about the role of an engineer by role-playing creating, designing and building towers using different materials. Take a look!

Key Stage Two

In Key Stage 2, we are really happy to be back at school. In Maths, we have been using resources to help us solve problems and we are glad that we have teachers that will help us if we need it.

We have been developing our learning behaviours and have really begun to focus and concentrate for longer periods of time. Our teachers have given us challenges to develop our critical thinking and use what we already know to answer questions.

Our Y5s enjoyed using the ICT Suite to complete research about the USA. Everyone is happy the P.E. has started again and Mrs Pearce made sure that lessons were interactive and fun.
