

Headteacher message

We have reached the end of our first half term. I would like to thank you all for your support and feedback during this time. We have had made great strides at a fast pace during this first half term. The children returned to school ready to learn and have made excellent progress .

Your child's class teacher has sent home a short parent review report for you to read. We will be arranging for parent meetings next half term however these are unlikely to be face to face and may be conducted remotely or over the phone. We will provide you with more details regarding this nearer the time.

It is important to maintain the precautionary measures we have all taken to minimise the impact of Covid-19 on our school community both in and out of school. Therefore please sure that you are carefully following government guidance around social contact. It would be great for Bond to have another half term with 0 confirmed positive Covid –19 cases.

Many of you have approached staff to ask if we will be closing for two weeks. We will be closed for one week only unless we receive government directive informing us otherwise. Children will return to school on Monday 2nd November 2020.

Please have a safe and enjoyable half term.

Keeping us updated

When leaving a message on the school voicemail, it is important that you provide a reason for your child's absence. It is not sufficient to say that your child is unwell. You must state the nature of your child's sickness e.g. vomiting, stomach ache, headache, Covid 19 symptoms, diarrhoea etc. When monitoring and reporting to Education Welfare Officer, we will look at reasons for absence.

If during the half term your child develops symptoms, please leave a message on the school's answer machine or email the school office school office so that we can ensure that your child returns to school after the prescribed self isolation period.

Learning at Bond

Pentathlon Competition

Recently all year groups were able to participate in the MSSP Pentathlon challenge, this involved participating in 5 stations, Step ups, Shuttle runs, Target throw, Standing long Jump and Speed Bounce activities.

Normally children would have been chosen to represent the school in this competition but due to the corona virus we have to do this in-house. Instead of only 6 children, all the year groups managed to participate in this successfully and scores were submitted to Merton. Well done!!! to all year groups.

Learning at Bond

To celebrate all the birthday's that we missed throughout the school closures, each year group had a party. Year 2 really enjoyed their end of year party! We spent time making hats and decorations, played party games and had some delicious treats!

Learning at Bond

Year 2 Poppy class explored their outside environment to look for signs of Autumn. They use different things they could find to make their own Autumn pictures. Take a look!

Edible Playground

Well done!! to Nursery class this week, on their **Muddy Monday** they managed to dig up all the Jasmine Artichoke plants and clear the beds in the Edible Playground. They then made soup from this and the children and parents thought it taste fantastic!!! Keep up the good work I cannot wait to do some more planting tomorrow with them.
