# EYFS

This week the children have been reading the story called 'The Naughty Bus'. The children spoke about the pictures and their experience when travelling on the bus.

The children also explored the woodlands and found different types of minibeast; the children were fascinated that they found a white snail. This developed into group discussions about the unusual colour of the snail.

During the hot weather the children learnt new ways to be cool and calm.

The children engaged in different maths games in the outdoor area. They found different ways to make an amount. Brilliant mathematicians!
